

Emtek Ultracrete Post Fix Rapid Hardening Concrete 25kg Bag

EMTEK Highway Maintenance Solutions

PostFix is a rapid hardening concrete which only requires the addition of water. The material's rapid set capability significantly reduces the likelihood of damage that can occur when the post or sign is newly fixed. Ideal for fixing of road signs, fence posts, minor installations, haunchings, street lighting columns, speed cameras and street furniture.

KEY FEATURES

- Sets in 15 minutes, reducing the need for shoring.
- Only requires one visit to complete installation of post/sign
- Contains a blend of special cements and 10mm graded aggregate
- Pre-blended, only requires water
- Easy to mix, contractor friendly units
- Economical, Durable

PERFORMANCE & STORAGE

Age	Temperature	Compressive Strength	Workability	Set Time
1 hour	20°C	2.5 N/mm ²	5-10 mins	15 mins
1 day	20°C	20 N/mm ²	5-10 mins	15 mins
7 days	20°C	31 N/mm ²	5-10 mins	15 mins

Storage

Store in a dry place at temperatures between 5°- 35°C. Shelf life in correct conditions for sealed bags is 6 months. High temperatures and high humidity will lead to a reduced shelf life

Density	Yield	Colour
2.300 kg/m ³	12 litres (approximately)	Brownish Grey
